EXPERIENCE

Freeosk Inc.
Front-end Developer/UX Designer
March 2017 2012 – Present

· Lead the development of company websites, both internal
  and external.
· Lead the creation of our design templates and
  development suite for emails and landing pages.
· Create custom, consistent, and accessible
  e-mail campaigns.

Crest Communications Inc.
Front-end Developer/Motion Graphic Designer
April 2012 – March 2017

· Lead front-end developer tasked with UX/UI design,
  development, management, implementation, and
  maintenance of client websites.
· Managed a team of designers and front-end developers;
  delegated tasks such as wireframing, web design, and
  website updates.
· Introduced motion graphics as a new art medium the
  company can offer, thus broadening the company's
  portfolio of available services, client base, and
  increasing company revenue.
· Contributor to project proposals and presentations.
